Re: Your letter of April 17, 2012

Dear Ms. Crider:

Many organizations, such as yours, request that CSC entertain pledges to undertake or refrain from various activities. Such requests often are based on speculation and/or misapprehensions about our commercial and government customers around the world and their activities.

CSC has elected to create and manage its corporate responsibility and ethics and compliance programs independent of specialized interests.

Very truly yours,

A handwritten signature in black ink, appearing to read 'H. Elderkin', followed by a horizontal line.

Helaine G. Elderkin
